

"Before we decided to partner with The First we did a lot of research about their online products, and frankly they came through with flying colors."

FOR MTI, ELECTRONIC BANKING WITH THE FIRST IS A GREAT FIT.

The Maine Technology Institute (MTI) is based in Brunswick, yet when it came to choosing a bank to handle its financial needs, MTI chose The First.

Distance is not a business barrier thanks to The First's advanced suite of electronic banking products — a modern banking model that meshes well with the Institute's mission of promoting innovative technologies in Maine.

"We especially like the online statements, and the Remote Capture tool is fabulous," says MTI's James Fecteau. "The whole suite of services has made our lives so much easier. Basically everything we need to do we can now do online!"
